

CONTGO AWARDED AT ANNUAL btTB BUSINESS TRAVEL AWARDS

...ConTgo's Mobile Travel Assistant won the award for Traveller Services...

At this week's btTB Travel Management Awards, conTgo was named Traveller Services Vendor of the Year for 2010. The award is for providers of traveller safety and traveller information services that enhance the traveller experience. This prestigious award was judged by an independent group of corporate travel industry professionals on a number of quantitative and qualitative factors, amongst nominees selected through input from the corporate travel buyer community in Australia.

"We are absolutely thrilled to win this btTB award for our Mobile Travel Assistant as it is a real endorsement that we're providing the right solutions for our customers. It's also significant since these are the premier business-travel focused awards in Australia, which is now a key market for us," said Johnny Thorsen, Chief Executive Officer, conTgo.

"I am taking this opportunity to thank our security content partner Riskline and all of our early adopter TMC customers for their support including MP Travel, Bay Travel, Phil Hoffmann Travel and TTFN, as well as our strategic partner QBT and our newest partner Voyager Travel who last night won the Best Travel Management Services Award," said Thorsen.

About ConTgo

conTgo is the leading provider of traveller experience solutions for corporate travel. The ground breaking Mobile Travel Assistant (MTA) has now been in use for over two years, in 20+ countries, with 200,000 travellers using the solution across 4,000 companies. In 2009 over 500,000 travel bookings were processed by MTA.

The vision is to provide travellers with instant access to relevant travel services anytime, anywhere from any mobile device. Most importantly conTgo's mobility services and communication solutions are not "mobile applications"; they are based on SMS messaging meaning it is quickly and easily implemented in corporate environments.
